

To our valued customers,

We are doing our very best to react and adapt to the needs of the communities we serve. This situation continues to evolve and has been a tremendous challenge for our associates. We are tremendously proud of our team and sincerely grateful for their efforts to serve all of you. With our customers' and associates' wellbeing in mind, we've made the decision to amend our hours of operation. This change will take place **beginning Monday, March 23rd and will continue until further notice.**

**Senior shopping hours will move to 6am through 8am.** We will allow those with compromised immune systems to take advantage of this shopping time as well. We implore everyone to do the right thing. If you are not a member of one of those groups, please refrain from entering our stores until after 8am. Stores will close at 8pm to allow our associates more time to rest and to allow more time for re-stocking and cleaning.

**Reminder (*beginning March 23<sup>rd</sup>*):**

**6 am - 8 am Seniors and immuno-compromised**

**8 am - 8 pm: General public**

Stay Safe,

Jim McCaffrey III & Jim McCaffrey IV
